Shipmanagement

MISC GROUP : CORE BUSINESS SOLUTIONS AND CAPABILITIES ACROSS THE ENERGY VALUE CHAIN

Natural gas and oil resources are vital for the continuity of businesses, industries and communities. These resources provide us fuel and electricity and form the feedstock for a wide spectrum of everyday products used in all spheres of life. MISC plays an integral role in the energy value chain by transporting these commodities across vast distances with our fleet of vessels. Our business also provides maritime assets that are required for the offshore extraction of oil and gas resources. We are committed to continue providing sustainable maritime transportation solutions to meet the energy needs of the world now and into the future.
