

A JOURNEY THAT
GOES BEYOND
BUSINESS

**YAYASAN
MARITIM**

OUR STORY

For decades, MISC has been part of Malaysia's maritime journey: connecting people, powering industries and creating opportunities along the way.

But our impact has never been defined by business alone. Across the years, we have invested in people, supported communities and taken action to protect the environment. Different initiatives. Different moments. One shared purpose: to create value that lasts.

That purpose takes a new shape.
Introducing **Yayasan Maritim**.

Malaysia's first dedicated maritime-focused foundation, created to bring our aspirations for talent, the environment and communities together under one focused platform.

A new chapter in our journey.
A bigger platform for impact.

YAYASAN MARITIM

A foundation of 

More than an aspiration.

It is a mindset that challenges us to look beyond
our immediate priorities, embrace new possibilities
and consider the legacy we want to leave behind
for future generations.

Vision

To shape a sustainable maritime future for the nation.

Mission

To advance Malaysia's maritime future by talent development, environmental protection and community upliftment.

ONE PURPOSE. THREE DIMENSIONS OF IMPACT

Yayasan Maritim exists to shape a maritime future where people thrive, our oceans endure, and communities prosper.

YAYASAN MARITIM STRATEGIC PILLARS

EDUCATION

Investing in people who will shape tomorrow's maritime industry.

From scholarships and maritime education to skills development and leadership opportunities, we create pathways for talent to learn, grow and succeed.

ENVIRONMENT

Protecting the ocean that connects us all.

From marine conservation and habitat restoration to environmental awareness and climate resilience, we support action that helps safeguard our marine environment.

COMMUNITY

Strengthening the communities that are part of our maritime story.

By supporting livelihoods, well-being, resilience and opportunities, we help maritime and coastal communities build stronger futures.

EDUCATION

Every Future Leader Starts with an Opportunity

Behind every captain, engineer, researcher and industry leader is an opportunity to learn, grow and dream bigger.

Through Education, we help create those opportunities by:

- Expanding access to education
- Strengthening skills and capabilities
- Creating pathways for maritime talent to realise their full potential

From aspiring students to experienced professionals, we invest in people who will drive innovation, strengthen industry resilience and shape the maritime sector of tomorrow.

Our long-term ambition is to build a strong, skilled and future-ready maritime talent pipeline that contributes to national progress and strengthens Malaysia's global competitiveness, including through positioning ALAM as a leading maritime university.

Our Flagship Talent Development Initiative

Cadet Sponsorship Programme

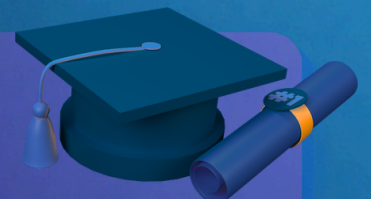

We are investing in the next generation of maritime professionals by:

- Sponsoring selected cadets pursuing Cadetship Diploma Programme at ALAM
- Expanding access to maritime education
- Developing future-ready maritime talent

WHY IT MATTERS?

Every cadet supported today represents another potential leader for tomorrow.

By opening doors to maritime education and development, we help strengthen Malaysia's talent pipeline, build industry capability and nurture a maritime workforce ready to compete on the global stage.

ENVIRONMENT

13 CLIMATE ACTION

14 LIFE BELOW WATER

15 LIFE ON LAND

Protecting the Oceans That Sustain Us

The ocean connects us, sustains us and is at the heart of everything maritime. Protecting it is not simply about preserving what we have today. It is about ensuring that future generations inherit oceans that can continue to support life, livelihoods and communities.

Through Environment, we are committed to:

- Preserving marine ecosystems
- Strengthening climate resilience
- Driving meaningful environmental action

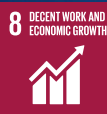

From restoring coastal habitats and protecting biodiversity to supporting climate adaptation initiatives, we focus on action where it can make a difference.

Because when we protect our oceans today, we help safeguard the future of our planet and the communities that depend on it.

COMMUNITY

Stronger Communities. Greater Possibilities.

Behind every maritime operation is a community: people and families whose lives, livelihoods and futures are connected to the sea.

Through Community, we work to uplift maritime and coastal communities by:

- Strengthening resilience
- Expanding opportunities
- Improving quality of life where it matters most

From underserved families and coastal households to seafarers and their loved ones, our efforts focus on creating meaningful support, inclusive opportunities and stronger community networks.

Because when people are given the opportunity to thrive, the impact reaches beyond individuals: it strengthens families, communities and the wider maritime ecosystem.

GUIDED BY *EXPERIENCE*. DRIVEN BY *PURPOSE*.

Yayasan Maritim Board of Trustees

Zahid Osman
Trustee & Chairman

Encik Zahid Osman is the Chairman of the Board of Trustees of Yayasan Maritim, bringing more than three decades of leadership experience across the maritime, energy and LNG sectors. He is currently President & Group CEO of MISC Group and Vice President, Maritime, Gas & Maritime Business at PETRONAS, with a career spanning strategic leadership, corporate planning, LNG, business development and government relations across MISC, AET and Shell.

As Chairman, Encik Zahid provides strategic direction and governance oversight to the Foundation, ensuring strong accountability and alignment with PETRONAS and MISC's long-term sustainability priorities. His extensive industry experience and networks also help strengthen partnerships and advance Yayasan Maritim's aspirations.

Through his stewardship, Yayasan Maritim is positioned to create meaningful and sustainable impact while supporting a more resilient, inclusive and future-ready maritime industry in Malaysia.

Datuk Zunaidah Idris
Trustee

Datuk Zunaidah Idris is a Trustee of Yayasan Maritim, bringing more than three decades of leadership experience across the financial, corporate, academic and social impact sectors. Her career includes senior leadership roles with Hong Leong Investment Bank and AmBank Group, as well as various advisory and industry positions across corporate and public-sector networks.

She is the Founder and Board Trustee of the Women Leadership Foundation, an Adjunct Professor at Universiti Teknologi Malaysia, and serves on the Advisory Panel Board of Malaysian Women in Energy, an advocacy group championing equal opportunities and gender diversity within Malaysia's energy sector.

A strong advocate for inclusive education, women empowerment and social equity, Datuk Zunaidah brings valuable perspectives on inclusion and community advancement to Yayasan Maritim.

BUILDING A LEGACY THAT LASTS

Organisations are often remembered for the assets they build, the projects they deliver and the achievements they accomplish. But the most enduring legacy is found in the lives they touch and the futures they help shape.

The launch of Yayasan Maritim is not the culmination of our efforts. It marks the beginning of a new journey. One that will be shaped by the collective support, participation and belief of all of us.

Because Yayasan Maritim is more than a foundation.
It is an extension of who we are and what we stand for.

Most importantly, it is our commitment to strengthening the future of Malaysia's maritime ecosystem.

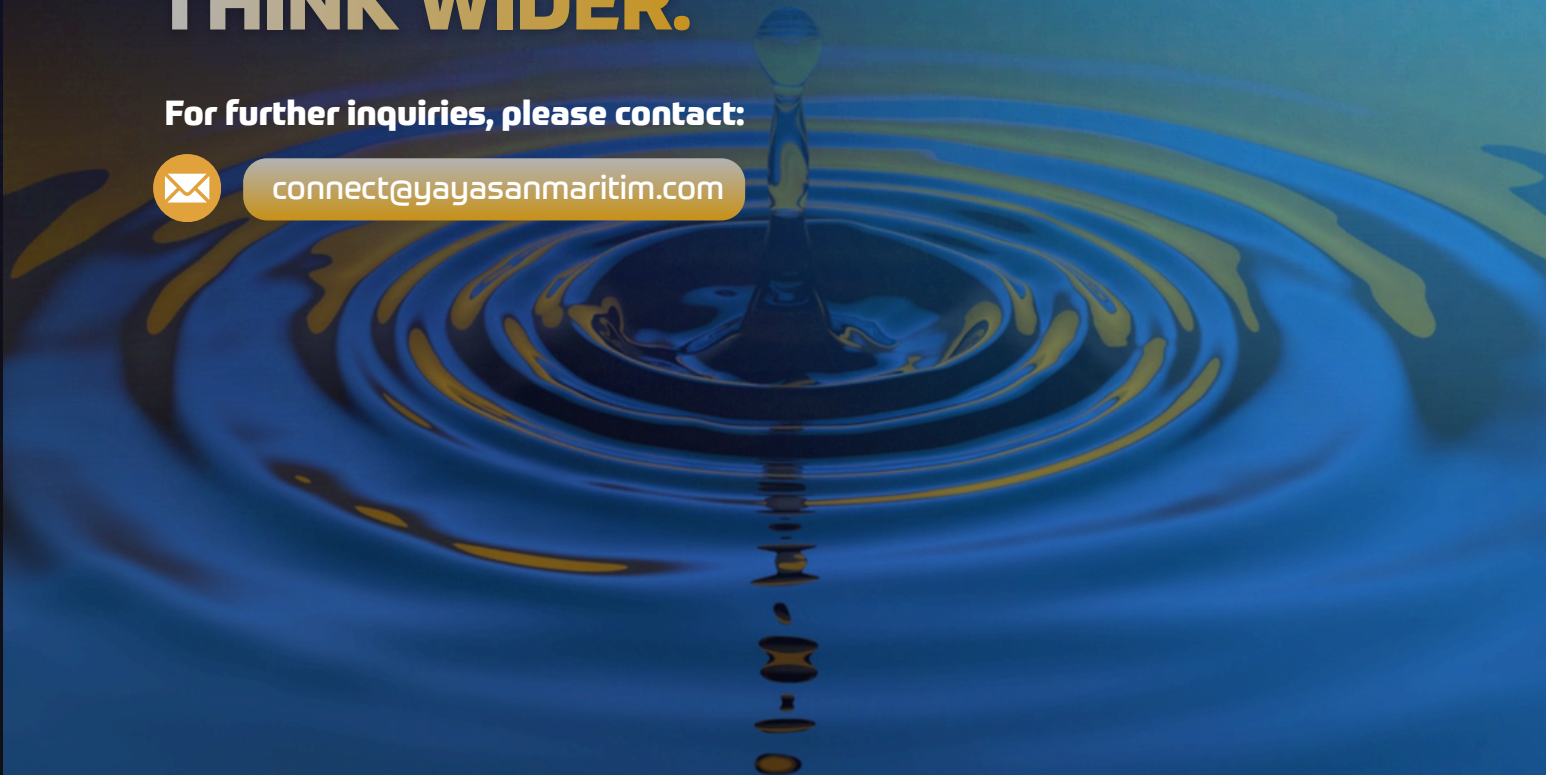

This is what it means to be a force for good.
This is what it means to

THINK BIGGER. THINK WIDER.
